

Table 5-10
Number of Wildlife Species Associated with Habitat Types Potentially Created, Improved, or Impacted with Implementation of Alternatives 1, 2, and 3 in the Bay Region

Habitat Type	Number of Associated Wildlife Species
Open Water ¹	50
Wetlands	
Seasonal Wetland ²	71
Saline Emergent Wetland ³	54
Wetland Subtotal	82
Valley Foothill Riparian	114
Grassland	79
Agricultural Lands ⁴	109

Note: Numbers of species determined from Attachment A.

¹ Includes species listed in Attachment A under deep open-water and shallow open-water habitats.

² Includes species listed in Attachment A under agriculture-only) habitats.

³ Includes species listed in Attachment A under saline emergent wetland and mudflat habitats.

⁴ Includes species listed in Attachment A under agriculture-wetland and agriculture-upland habitats.
